

CLAW COVER™

PROTECTIVE CUT GLOVE Heavyweight & Cut Resistant

A Glove Designed for Food Service and Commercial Kitchens

The C4 is a 7 gauge High-Performance Synthetic Fiber and Steel blend glove that offers maximum protection in a heavyweight design. ANSI level 6 cut resistance gives the wearer top of the line protection. Ideal for food industry “off hand” applications. The unique construction of yarns employed in this product allows the gloves to be exposed to the harshest laundry cycles over and over again, with little to no effect on the gloves protection properties. Constructed according to FDA 21 CFR 177.2800, Claw Cover™ gloves are approved for contact with food in manufacturing / processing environments. 100% Made in the USA, available in gray or white.

PRODUCT DETAILS:

FEATURES:

- Heavyweight Seamless 7 Gauge Construction
- Blend of Ultra High Performance Fibers and Steel
- Ambidextrous
- Seamless Construction

BENEFITS:

- ANSI level 6 cut protection
- Controls bacteria and cross contamination
- High level cut protection in heavyweight construction
- Outstanding abrasion resistance
- Superb laundry characteristics
- Color coded hem identifies size

ATTRIBUTES:

- 7 Gauge / Cut Resistant
- Unique Texture Provides Improved Grip
- **Color** - Gray or White

SIZES:

- XS / S / M / L / XL / XXL

DATA SPECIFICATIONS

RAW MATERIAL SURFACE:	High performance Synthetic Fiber and Steel Blend
GAUGE:	7 Gauge
