PRODUCT FACTS:

The MILKER'S HELPERS Advantage.

Milker's Helpers is made with a performance blend of synthetic polymers. Iodine resistant and latex free. This glove holds up against most pre-dips, post-dips and udder rubs.

Component Materials.

This product does not contain natural rubber latex. Components used in making these gloves may cause allergic reactions in some people. If allergic reactions occur, discontinue use immediately and consult with a physician.

Performance Stats.

High quality nitrile gloves provide an excellent biological barrier. They are not recommended for use against all chemical exposures. Manufactured using only listed materials and levels outlined in the Code of Federal Regulations (21CFR, Parts 170-199).

Quality Standards.

Manufactured to ISO 9001 and ISO 13485 Quality Systems

Packaging by Weight.

Small thru 2XL - 100 pieces per dispenser box/10 boxes per master carton

Storage.

Store out of direct sunlight. Shelf life up to 5 years.
