

# Cutlery Glove™

A GLOVE DESIGNED FOR FOOD SERVICE AND COMMERCIAL KITCHENS

CLW5 AND CLG5 10 GAUGE

Color-coded hem sizing

MADE IN THE USA

## ULTIMATE CUT PROTECTION

In applications that need a high-performance cut-resistant safety glove, reach for one of the Cutlery Gloves from Summit Glove. A durable machine knit glove made of high-performance synthetic yarns and stainless steel, Cutlery Gloves provide a tough cut-resistant barrier for employees working with sharp tools. They are ideal for food processing, handling, and preparation as well as using as a liner in hazardous applications. The Cutlery Glove series is the clear choice of kitchen professionals.

## PRODUCT FEATURES

- Medium-weight glove made of high-performance Spectra®, stainless steel, and synthetic fiber blend
- Continuous knit wrist with color-coded hem sizing
- Longer cuff for additional wrist protection
- IES (Inherent Efficacy System) antimicrobial protection controls both bacteria and cross-contamination
- Provides superior dexterity and comfort
- Compliant with FDA 21 CFR for food contact
- Cut-resistant—cut level quality assured to ANSI Level A8
- White (CLW510) or gray (CLG510) color
- Sizes: XS, S, M, L, XL

## PACKAGED

- 1 piece per polybag

*Caution: These gloves are cut-resistant, not cut-proof or point-puncture proof. Do not use near flame or moving serrated blades. Avoid excessive folding. If the glove becomes wet, allow to dry fully before placing into storage. Store dry, cool, and flat.*
